Coronavirus Aid, Relief and Economic Security (CARES) Act  
Higher Education Emergency Relief Fund (HEERF) –  
Emergency Financial Aid Grants to Students  
October 2020 - Fund Final Report**

*Vassar College herein states that this quarterly posting is the final report that covers all HEERF fund expenditures for Section 18004(a)(1) Student Portion funds. As per the U.S. Department of Education Office of Postsecondary Education [HEERF reporting requirements](#), no additional quarterly public reporting of Section 18004(a)(1) Student Portion funds is required.*

Vassar College acknowledges that it signed and returned to the U.S. Department of Education the Higher Education Emergency Relief Fund (“HEERF”) Certification and Agreement, and affirms that the institution used no less than 50 percent of the funds received under Section 18004(a)(1) of the CARES Act, totaling \$1,835,621, to provide Emergency Financial Aid Grants to students.

The amount of funds that the institution received for Emergency Financial Aid Grants for students from the Department pursuant to the Certification and Agreement is \$917,811.

The total amount of Emergency Financial Aid Grants distributed to students under Section 18004(a)(1) of the CARES Act as of May 22, 2020 was \$917,839. Additional reports regularly update this information, as required.

The total number of students at Vassar College eligible to participate in programs under Section 484 in Title IV of the Higher Education Act of 1965 and thus eligible to receive Emergency Financial Aid Grants to students under Section 18004(a)(1) of the CARES Act was 1,589.

The total number of students who received an Emergency Financial Aid Grant to students under Section 18004(a)(1) of the CARES Act as of May 22, 2020 was 482.

The method(s) used by Vassar College to determine which students receive Emergency Financial Aid Grants and how much they would receive under Section 18004(a)(1) of the CARES Act is as follows:

Vassar College’s Office of Student Financial Services provided a list based on who had completed a FAFSA for the 2019-2020 academic year and successfully satisfied all requirements that apply to being Title IV eligible. A total of 1,589 students were identified as meeting these criteria and being actively enrolled for the Spring 2020 semester. The College surveyed eligible students who were enrolled for Spring Term 2020 at the time of course disruption due to the Coronavirus via an email and linked application in order to determine the nature of student need.

In an acknowledgement of diverse student experiences/context and knowing our student population, we included an option that allowed students to indicate they did not need to apply for the emergency grant and would instead leave it in the pool of funds that would be distributed to

those in greater need. We developed a rubric to review applications and assigned to high, medium or low priority in terms of need, and were also guided by the following:

1. Does the ask/need match the purpose for funds as per federal guidelines?
2. What is the noted need?
3. What is the family total income?

The application and guidance provided to students by Vassar College concerning the Emergency Financial Aid Grants is available below.
